

*Jacob & Mallory*

*Dear Mama,*

**We are Jake and Mallory!**

**Thank you for taking the time to learn more about our family as you make the selfless decision to choose who will parent your precious child. We are humbled and honored to be a part of this journey and want you to know how brave, selfless, and strong you are! We want you to know that in our home you will be prayed for and honored. We will teach your child to pray for you each day and to know their adoption story.**

**With love,**

*Jake + Mallory*

# *This is us*

Our friendship began long before we ever began dating. We met at church while both being involved in church youth group. Our families quickly became great friends and our friendship continued to grow. It was not until years later in college that we began dating. In October of 2020, we got engaged and then married in October of 2021. We now live in our hometown and serve at our local church. Mallory is a teacher and Jake is on staff at our church. We began talking about adoption long before our engagement. Adding to our family through adoption is something we hold dear to our hearts and have prayed about for many years.

# Meet Jake

---

**Jake is the most caring person that I know. He cares deeply for those around him and tries to help anyone that he can. He is protective of those he loves and seeks to provide happiness to those around him. He is also the funniest person I know. His humor and laugh are contagious! Jake's compassion has led him into ministry where he preaches and cares for people. I have the joy of seeing him in ministry, as well as at home. His character does not waver. I know Jake will be an amazing dad. I have seen how he intentionally cares for each of our nieces and nephews. In his free time, Jake enjoys reading, fishing, building things, as well as spending time with family and friends.**

# Meet Mallory

---

**Mallory has a kind and compassionate heart. She treats everyone with kindness and loves them very deeply. Mallory seeks to make everyone around her feel comfortable and loved. She does this most often through her humor and quick wit. Mallory has a passion for others and that is what led her into teaching. She has a great relationship with her past students and they often reach out to her for advice or prayer. Mallory is going to be an incredible mother. She is already an amazing aunt and loves our nieces and nephews immensely. Mallory enjoys reading, creating things, and spending time with family.**

# OUR FAMILY

Family and friends are everything to Jake and Mallory. They spend time with their families almost daily as they live close to both of their parents. Mallory has two older sisters. One sister lives in town and the other lives several hours away. Mallory has three nephews all under the age of five. Jake has an older brother who lives out of town. His brother and his wife have two little girls. Jake and Mallory have a wonderful relationship with each niece and nephew and cannot wait to share that love with your baby.

# OUR FRIENDS

Jake and Mallory also have friends that they love like family. They spend much of their free time with them.

# TRAVELING AS A FAMILY

In our family, we love to travel. Our families love to travel as well. Together, we have visited 27 states. We enjoy traveling to New York City, Western states, as well as the Gulf Coast. We also love going to Disney World.

# Family Celebrations & Values

In our family, we love to celebrate birthdays. We like to spend the whole day doing what each other loves and sharing what we love about that person. This is something Mallory's family always emphasized growing up. We will teach your child about who Jesus is and how to live for Him. We pray that your child will choose to trust in Jesus and to live a life that honors and serves Him.

# Home sweet home

Our home is very special to us. Before our wedding, both of our dads helped us renovate our house completely. It was such a great learning experience for us both and allowed us to share special time with each of our families. We hope that our home feels cozy and comfortable to all who visit us. The outside of our home is bright blue with a bright red door. We have azalea bushes growing in the front yard. In the backyard, we have a deck where we grill and love to sit to drink coffee. We have a large yard that our three dogs love to run around in. We have two King Charles Cavaliers and one English Cream Golden Retriever. All three dogs are so great with kids! The nursery is very special to us as well. We have been collecting things for the nursery since we got married. Hanging on the walls, we have Bible verses, souvenirs we've collected while traveling, and heirlooms passed down from loved ones. Each of our parents live just a few miles up the road from our house. We also enjoy spending the summers at a pool nearby our house.

# THE NURSERY

# Sentiments

Thank you for considering our family. We want you to know that we will love your child unconditionally. You will always be a part of your child and we will honor and respect you in our home. We will teach your child to pray for you each day. Our hope is that your child will live a happy and fulfilling life.

*-Jacob & Mallory*

*Thank you for  
considering our family!*
